Speech of the Hon. John J. Crittenden. Yesterday Mr Crittenden, in response to an invitation of the Legislature, addressed that body in joint session in the Hall of the House of Representatives. He commenced speaking at 11 o'clock A. M., and spoke an hour and forty minutes. It was the most powerful and convincing speech to which stand a living lesson for the present day and an we ever had the pleasure of listening. As we shall publish it in full to-morrow, we forbear comments upon it at present. In view of its great importance, and the anxiety with which it will be looked for by the pub lic, we shall publish a report of it, revised and corrected by Mr. Crittenden himself.

Thos. W. Brown, Esq.

We learn that this gentleman will remove from Shelbyville, in this State, at a very early day, to Memphis, Tenn., to pursue the practice of law. We regret this step on the part of our distinguished friend, though we doubt not that he determined to remove from Kentucky only after the maturest deliberation. We wish him the highest success in his new home. He will achieve distinction in his profession wherever he may go, and whatever may be the competition by which he may be surrounded. He excels, in a very high degree, in all the elements calculated to make a profound and able lawyer, and we but give expression to the common judgment of the Kentucky bar, when we say that Thomas W. Brown has no superior of his age amongst all our lawyers. May health, happiness, and prosperitv attend him in his new home.

Ayer's Sarsaparilla

bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found

of the following complaints: —
SCROFULA AND SCROFULOUS COMPLAINTS,
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous scres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no location health. lasting health. Sooner or later somethin must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla but of the sick of the rilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which restsupon it. And we think we have ground for believing it has virtues which are irresist by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should
